

# **Summary of the Draft - Strategic Plan Update for Fiscal Year 2023-2024**

The purpose of this document is to provide an annual update to the Strategic Plan for FY 2020-2024, which was approved by the Ventura County Board of Supervisors in March 2022 and was later approved by the California Department of Aging. The delivery of programs and services in FY 2023-2024 is contingent upon the availability of funds from all sources (Federal, State and County). The California Department of Aging has not yet released funding estimates for FY 2023-2024.

## WHO ARE WE?

The Ventura County Area Agency on Aging is the principal agency that addresses issues that relate to older adults, adults with disabilities, and their caregivers. In addition to providing several direct programs, we also develop, enhance and maintain community-based systems of care that provide services, which support independence and protect the quality of life of older persons and persons with functional impairments. We also promote citizen involvement in the planning and delivery of services for Ventura County's older population, adults with disabilities, and their caregivers. We accomplish these objectives through a network of education, advocacy, problem-solving, program planning and service delivery, and by utilizing a variety of funding sources.

Our governing body is the Ventura County Board of Supervisors. They set the policy, determine funding, and approve the strategic plan and its submission to the California Department of Aging. We also have a 39-member Advisory Council that determines programming, funding priorities, advocacy efforts and makes recommendations to the Board of Supervisors. The Advisory Council is made up of representatives from each city, Board of Supervisors representatives, service provider representatives, focused population representatives and members of the California Senior Legislature.

## WHOM DO WE SERVE?

We provide services to:

- Older adults 60 years of age and older
- Persons with disabilities
- Unpaid caregivers

Services provided are dependent upon the funding requirements as well as program eligibility.

Our goal is to target our services to those in need and to make sure that our program participants mirror the composition of the community we serve. According to California Department of Aging

the current total population of people over the age of 60 is Ventura County is 216,313, which is an increase from 2021. Statewide there is a net gain of people aged 60 and over from 2020 to 2021.

## Of these 216,313 individuals:

- 8,650 are non-English speakers
- 117,846 are minorities
- 18,055 have incomes below the federal poverty level
- 28,719 are Medi-Cal eligible
- 5,252 are geographically isolated
- 6,639 are aged 65 or older and SSI/SSP eligible
- 70,155 are older than 75
- 33,260 live alone

Our demographics are like the state averages but reflect a less diverse and slightly more affluent population.

Priority Categories	Ventura County	State of California
	N=216,313	N=9,259,582
Minority 60+	54%	61%
Low-income 60+	8%	12%
Medi-Cal eligible 60+	13%	21%
Geographic isolation 60+	2%	5%
SSI/SSP 65+	3%	6%
Population 75+	32%	32%
Lives alone 60+	15%	17%
Non-English-speaking 60+	4%	5%

## OUR GOALS ARE SIMPLE

- 1. Provide resources and services
- 2. Increase awareness of programs and services

We plan to accomplish these measurable goals in FY 2023-2024 through providing direct services as well as contracting with other community-based organizations. Our goals contain strategies to include opportunities for collaboration and capacity building as well as to identify and address emerging needs and issues of the population we serve. The projected start date for all activities is July 1, 2023, which will run through June 30, 2024. No services being provided are funded by Title IIIB Program Development and Coordination dollars.

#### **OUR PRIORITIES**

During a strategic planning session held by the Advisory Council in January 2018, the following programs and efforts have been identified as priority objectives that:

- 1. Help older adults maintain their independence and ability to live at home.
- 2. Protect older adults living in long-term care facilities.
- Provide home-delivered meals.
- 4. Provide health insurance information and system navigation through unbiased counseling.
- 5. Provide evidence-based classes that help prevent falls.
- 6. Provide congregate meals.
- 7. Prevent abuse and protect the rights of older adults to include case management for those that have been abused.
- 8. Provide transportation.
- 9. Provide family caregiver with information and assistance about available resources.
- 10. Provide emergency food.
- 11. Communicate to the public who we are, the services we provide, and the resources available.

This means that although all the objectives listed below are important, as are the additional strategies and activities to be undertaken to meet these goals, additional efforts that may include staff time and resources will be focused on these priorities.

Goal 1 Provide resources and services to older adults, adults with disabilities, and their unpaid caregivers that promote optimal well-being with an emphasis on wellness, safety, and community livability.

Strategies to support the goal and objectives under this category:

- 1. Continue to monitor the growth of the non-English speaking communities and develop resource materials to serve those individuals as needed. This includes working with community-based organizations to revise and update an inventory of service providers who speak and provide services in languages other than English in FY 2020-2024.
- 2. Continue participation on the LGBT Aging Coalition, which is under the auspices of VCAAA, and work with older adults who identify as being Lesbian Gay Bisexual Transgender (LGBT) to increase awareness of the unique needs of LGBT seniors, including but not limited to residents in long-term care facilities.
- 3. Continue to manage the Aging and Disability Resource Network, which consists of community-based service providers who represent the interests of older adults and persons with disabilities in Ventura County. This includes working with Aging and Disability Resource Network members to identify service gaps, community awareness of the needs, coordination, and integration of services, create opportunities for collaborations and problem sharing.
- 4. Promote optimal aging by adding a link to optimal aging information, continuing the optimal aging awards, and pursuing funding for other projects such as photo and story contests.
- 5. Continue outreach related to VCAAA services and programs.
