SECTION 4 – TARGETING AND PUBLIC RELATIONS

A. Targeting

Grantees are required to follow priority preference in providing services to older individuals with greatest economic need and older individuals with greatest social need **with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas.**

Greatest Social Need – A social need is the result of non-economic factors, e.g., physical and/or mental disabilities, language barriers, or cultural and/or social isolation and/or racial and ethnic status. They restrict a person’s ability to perform normal daily tasks or threaten his or her capacity to live independently. An older individual is in greatest social need if s/he has two (2) or more of the following characteristics: is physically and/or mentally disabled, has a language or communication barrier, lives alone, or is aged 75 or older.

Greatest Economic Need – Any person 60 years of age or older whose income level is estimated to be at or below the 2018 Department of Health and Human Services guidelines for the federal poverty level.

All grants funded with Title III B, C, D, E and VII dollars MUST provide services to persons aged 60 and older regardless of income level.
